PROFILE

To work in a challenging and knowledge-based environment, which gives me the right opportunity to excel and improve skills with practical knowledge and thereby play a valuable part in the growth of the company.

CURRENTLY WORKING PROJECT

Boeing:
-MM Core (Web)
(.Net Core, React, Oracle)
It's an e-com application used to purchase the required parts of an airplane by customer.

RESPONSIBILITIES

-Design, develop, and maintain .NET applications using C#, .NET Core and Asp.Net MVC
-Develop and maintain databases using Oracle
-Troubleshoot and debug applications
-Develop and maintain front-end web applications using Angular, React, HTML, CSS, JavaScript and TypeScript
-Collaborate with other developers, designers and stakeholders to ensure successful delivery of projects
